Profile

"I have thoroughly enjoyed my summer at Clark Wilson so far and appreciate learning new things every day from the skilled lawyers throughout the firm's many practice areas. The Clark Wilson environment is extremely supportive and I always feel like part of the team. Working here has made me excited about my future career and beyond satisfied with my choice for summer articles. I value the opportunity at Clark Wilson to work on a wide range of tasks, including attending client calls, researching, drafting pleadings, and attending court. I love being able to explore new topics and engage in interesting, challenging work and I look forward to the rest of my summer."
