Profile

"My summer at Clark Wilson has been full of hands-on learning opportunities. Throughout my summer, I have been assisting with a major acquisition transaction in the Private Company Mergers & Acquisitions group, sitting in on client meetings, drafting documents, and I will be assisting in my very first settlement conference for the Strata Property group. More importantly, I always feel supported by the partners, associates and staff at the firm. I am sincerely grateful to be a part of such a supportive environment where my work has real impact and where I am able to build meaningful relationships."
