2020 Summer Student
UBC Allard School of Law

Profile

"Summering at Clark Wilson has been a fantastic learning experience. All of the lawyers are genuinely interested in helping you find your fit in the legal world. As a student, you are trusted with significant responsibility. I met with clients, drafted pleadings, conducted case law research, and assisted with closing documents. I was given the opportunity to attend a virtual mediation that I provided research for. I saw firsthand how student work at Clark Wilson really matters in helping move files forward. I am delighted to be rejoining Clark Wilson next summer."
