Profile

"My summer at Clark Wilson was a great learning experience and I had the opportunity to work in a wide array of practice areas and on a variety of tasks. It was a privilege to work with many skilled lawyers who were very receptive and helpful in my development in the legal profession. The opportunity to gain experience in both business and litigation through my rotations was invaluable and has given me a strong foundation of practical experience that can only be found by practicing law. My summer has made me very excited for my future in the legal profession and I can't wait to return for my articles to continue my development."
