Profile

My time at Clark Wilson has been incredibly enriching and fulfilling. As an articling student, I benefit from the exceptional support and mentorship provided by the lawyers, fellow students, paralegals, and legal assistants. Their guidance, valuable insights, and commitment to my professional growth have been instrumental in equipping me with the tools necessary for success. The diverse range of tasks I have undertaken includes drafting legal applications and a Court of Appeal factum, writing research memorandum, attending chambers, and participating in mediations. These experiences have deepened my understanding of legal practice and reinforced my passion for the profession. The knowledge and skills I have gained at Clark Wilson serve as a solid foundation for my legal career, and I remain deeply grateful for the opportunities and mentorship I've received. I look forward to continuing to grow and contribute as part of this exceptional team.
