Profile

I am grateful for the wonderful summer I had at Clark Wilson. The opportunities at the firm have been diverse and plentiful, from drafting settlement agreements, demand letters, and research memos to participating in client meetings and attending an examination for discovery. Throughout these opportunities, I received mentorship from lawyers, paralegals, and legal assistants of a range of expertise and practice areas. With such a supportive work environment, I was encouraged to grow both as an individual and as a member of the team.

I value the relationships and experiences I gained at Clark Wilson and am excited to continue my growth with the firm.
