My summer at Clark Wilson has been amazing and so enriching. I am overwhelmed with the level of support I have received at Clark Wilson from the lawyers, my fellow students, the paralegals and the legal assistants! The lawyers at the firm took the time to mentor me and provide guidance as I embarked on my legal career. Clark Wilson ensured that I had the tools necessary so that I could succeed.

Furthermore, my summer at Clark Wilson has allowed me to get involved in a wide breadth of practice areas. I had the opportunity to draft trust documents, consent orders and response letters, to review contracts for commercial real estate, witness a will signing, observe a chambers application and listen in on client meetings. I even had the opportunity to interview a client. I look forward to returning to Clark Wilson for my articles!
