Profile

My experience at Clark Wilson this summer has been full of valuable learning opportunities. I have worked on a wide range of exciting tasks including, drafting a notice of civil claim, researching legal issues, writing memos, attending client meetings, editing textbook chapters, filing documents in court, writing blog posts, and playing with Clark Wilson at the Vancouver Bar Association golf tournament. These experiences have greatly improved my legal knowledge and skills across many practice areas. The unwavering support and mentorship provided by lawyers, paralegals, and legal assistants creates a learning environment where our development is truly prioritized. The relationships I have built this summer have made everyday of work enjoyable and I am excited to return to Clark Wilson next year to begin my articles.
