Profile

EMTAGSTARTMy summer at Clark Wilson has been truly rewarding. The team has been incredibly thoughtful in involving us in projects aligned with our interests and goals, while also encouraging us to explore new things. From attending client meetings, to drafting legal documents and conducting research on unique areas of law, I have had the pleasure of engaging in a variety of work.EMTAGEND

EMTAGSTARTI am sincerely thankful for the mentorship, support, and professional development I have received. My experience has reinforced my enthusiasm for both the legal profession and working alongside a talented and dedicated group. I look forward to continuing my learning and reconnecting with the team when I return for articles.EMTAGEND
