

Insurance

Profile

The insurance companies that we serve operate on a regional, national and global scale, underwriting complex and critical risk. The coverage opinions and advice that we provide helps our clients successfully manage risk and achieve economic growth.

We are partners in our clients' business, handling all assignments effectively, efficiently, creatively and energetically. Arming our clients with comprehensive risk and commercial assessments allows them to make well-informed decisions.

Our clients rely on us to navigate the statutory and strategic pitfalls that arise in the insurance realm.

Services

- > Coverage advice and disputes

- > Insurance advice for commercial leases

In addition to being insurance practitioners, we also have expertise in other areas, including construction, product liability, intellectual property, manufacturing and oil and gas. We bring value-added knowledge because of our expertise in the industries that our clients underwrite. This varied and specialized expertise provides our clients with a truly comprehensive legal analysis of the often difficult and emotional climate in which our clients find themselves.

Whether subrogating numerous catastrophic fire losses, defending corporate directors' liability, drafting contracts or appealing disputes, we take pride in our legal acumen. Many lawyers in our group have made significant contributions to various continuing legal education publications and have lectured and coordinated at industry training seminars and forums.

Our ability to draw upon our varied expertise enables us to offer a fully integrated service in the most cost-effective manner. We look forward to providing our clients with leading advice and solutions in pursuit of their insurance goals.
